

Lotsia Soft

The Group of Companies

Lotsia Soft is a group of Russian IT companies established in 1997, it includes companies Lotsia Soft and Lotsia Software.

Lotsia Soft is a partner of Oracle, Microsoft, MSC.Software Corporation, Sybase, Xerox and some other companies.

The core of the industry automation department has good experience in the fields of CAD/CAM/GIS and, first of all, PLM//PDM/ERP/Workflow.

Lotsia Soft offers PLM/PDM/TDM & ERP solutions from **Lotsia® PLM** software family: **Lotsia® PDM PLUS**, **Lotsia® WEB** and **Lotsia® ERP**.

Our integrated PDM/TDM/Workflow solution **Lotsia® PDM PLUS**, fully compliant with both International and Russian design standards and integrated with main CAD systems (Autodesk AutoCAD, Mechanical Desktop, Inventor; SolidWorks, Bentley MicroStation etc.) and office software (MS Office, OpenOffice...).

Above 1000 companies representing 30 industries* use our software in Russia and CIS, East Europe, Middle East and South-East Asia.

Our customers are leading Russian and foreign companies: Rosenergoatom, Giprotuboprovod, Giprosvyaz, TyumenNII-giprogas, Ramensky Instrumental Plant, LukOil, Severonikel, LOMO, ELARA, Experimental Machine-building Enterprise Korolev Rocket and Space Corporation "ENERGIA", Design Bureau "Yuzhnoe" etc.

We have qualified specialists (in Engineering, CAD, TDM/PDM, GIS, Database, Networking, Hardware) including certified (Autodesk, Microsoft, MSC.Software, PC DOCS, IBH...) in our team.

Lotsia Soft in a brief:
